

Hammer drill bit SDS-plus

RUNNER+

139

SPECIAL WET CONCRETE

CONCRETE B20 & B30, BRICK, PERPEND

• PERFORMANCES :

The flute (spiral) with a long pitch (lead) permits a quick removal of the aggregates (dust); the new finishing (treatment) "sandblasted" strengthens the body of the drill in surface while guaranteeing a good flexibility.

• MULTIPURPOSE DRILL (VERSATILE) :

Ideal for soft and medium hard materials and for wet concrete

• SDS-PLUS SHANK :

Suitable for all sds plus hammer drilling machines.

• RANGE :

from 5 to 16 mm, in length from 110 to 210 mm

Complies with the PGM standards, only guarantee of a perfect geometry for a precise drilling and a good setting of your anchor studs (restrictions Accidents)

ENVIRONMENT

Diager, certified ISO 14001, acts concretely for the sustainable development. This product contributes to the environmental protection by a "sandblasted" surface treatment which guarantees zero heavy metals and by a protection called "without COV*" respecting the European directive 1999/13/CE

*Volatile Organic Compounds
